TOTAL ART EXPERIENCE
With Sheryl Intrator Urman, artist and art lecturer
Tuesday, June 17th
The Cloisters with a Twist!
Fort Tryon Park and Gardens
New Leaf Restaurant

Although the vast collection is comprised of mainly religious art, Sheryl Intrator Urman, artist and art lecturer, will be our docent and focus on what isn't so obvious – the role of women and a new look at mythology in this Medieval world.

Women in the Middle Ages occupied a number of different social roles, mostly at a tremendous disadvantage. A woman's situation could vary greatly depending on her wealth, social standing and religion. Learn about the expectations placed on women and the realities they lived with, through the art and architecture presented in this quiet corner of a busy city.

See several Stained Glass Windows in a new light. Be re-introduced to the legend of the Unicorn and more. Visit the gardens planted according to plans found in medieval documents and poetry. Learn the magic of the herbal gardens.

We start our day at 11:00am with a visit to **Fort Tryon Park** and its breathtaking views from this 67-acre site at one of the highest elevations of the island. Explore the Heather Garden and other delightful surprises in this gem of a park.

Lunch is at the New Leaf restaurant – restored by Bette Midler and friends.
