Artist and lecturer Sheryl Intrator presents a unique summer art intensive camp that is experiential and creative for students in grades 1 to 11. The program runs from July 8 to August 30. Art students learn as they take trips to the Metropolitan Museum of Art and create art in places like Central Park. Themed art programs include Impressionist, Modern, Mosaic and Glass, Jewish Immigrant Experience, Princess Experience, and for the youngest students, there are themes including Dinosaur and Under the Sea, African Safari or Farm Animals. They visit different sites such as Colonial Estates, Ellis Island and more. Fashion students go to designer showrooms in Manhattan's Garment District, trendy SoHo, learn about perfume manufacturing, clothing design and make their own fashion designs.
