The Girl with the Pearl Earring

And

Masterpieces from the Hague

The Frick Collection

We start our day at 11:30am at the Fifth Avenue home of one of our Next Page followers where Sheryl Intrator Urman, artist and art lecturer will prepare us for our afternoon's journey back in time.

Sheryl will bring us back to the age of the Dutch Masters and give insight into the origins of the Frick - a 'tiny treasure house'.

After lunch we will walk back in time and down Fifth Avenue to see a familiar face - The Girl with the Pearl Earring at the Frick Collection - along with her friends Rembrandt and Hals, and a unique collection direct from The Hague. Time to explore this exhibit and beautiful mansion with an Audio Guide tour.

Put on your pearls and walking shoes for a Total Art Experience: \$69.00

Includes: Frick Collection admission and audio-guide, lecture and lunch.
